trapshooting in Michigan. As you can see, shoots are planned from Manistique to Howard Township to Carleton in 2017. There are even two shoots in January and one in February!

At the MTA, we know that almost no one shoots their first trap targets at the Mason home grounds. Pretty much every shooter's introduction to trapshooting occurs at a local club. So get to a local club (or two) and some of these fine events and take a friend or relative with you and introduce them to trapshooting.

More and more school age kids are shooting trap in Michigan. In 2016 the MTA hosted two SCTP shoots and a State High School trap championship. It looks like these events will be even bigger and better attended in 2017. It's important for us "more seasoned" shooters to be good role models in terms of both safety and courtesy.

At Mason, your Board of Directors continues to try to improve the shoots. The dates for the MTA shoots are on the front cover and you've probably already noticed that we added a day to both the Spring and Fall Team Shoots. We also added a day to the Great Lakes Grand.

Last but not least, trapshooting in our Great Lakes State is largely run by volunteers. Thanks to all who score, fill trap machines, set targets, cashier, squad, classify, and keep the grounds so we can enjoy great targets.

Be safe, have fun, and keep your head on the stock!

JB Lewis

MTA President

Fellow Shooters,
Here is your 2017 Schedule of Invitational Events for

NYE'S TRAP RANGE

DEL & GERRY NYE
